REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Claims 2-13, 15-18 and 20 are allowable because the prior art fails to teach or suggest that the components in the validation circuit are weaker than the components in the sense amplifier.

Claims 21-25 are allowable because the prior art fails to teach or suggest that when the device is powered up, the bias generating circuit causes the first and second bias voltages to transition to different levels at two different times, which in turn causes the output of the validation circuit to transition to a different level.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Quan Tra whose telephone number is 571-272-1755. The examiner can normally be reached on 8:00 A.M.-5:00 P.M..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Timothy Callahan can be reached on 571-272-1740. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
